The Good Samaritan Clinic recognizes the challenges that COVID-19 brings to the healthcare system and we are proud to successfully continue our commitment to the uninsured patients in our area. For the safety of our patients, we have implemented a telehealth system to manage our patients' ongoing and arising healthcare needs. We have developed safe methods for delivering the much-needed medications our patients require. We will continue to make ourselves available to all those who have entrusted their care to us. We are honored to be part of this community and are proud to be a crucial piece of its healthcare system as it quickly evolves to meet our changing needs.
